# ACRN/AACRN Review

## LET'S REVIEW!!

- Break-Out Course Tracks for ACRN and AACRN
- Includes Content Review and Practice Test with Review & Rational
- New Interactive Webinar Series
- Reduced Rate for HANCB Practice Test
- CNE and Pharmacology CNE Offered

## COURSE GOAL & OBJECTIVES

The purpose of this program is to provide nurses and nurse practitioners with an organized review in preparation for ACRN/AACRN exam. This is also a great course if you are considering recertification.

1. To assist nurses in preparation for the ACRN/AACRN exam by reviewing content in the major test categories, including but not limited to: epidemiology, pathophysiology, clinical manifestations, physical exam, disease process, mental health and medication therapy.
2. To provide a review of the nursing processes involved in providing comprehensive care to the HIV infected patient.
3. To provide test taking strategies for the ACRN/AACRN exam.
4. To take practice test and provide full review of correct answers with rationale.
5. To establish ongoing distance based learning through online faculty access and webinars.
