Date: November 7, 2018

Time: 8:00 am – 5:00 pm

Location:

Hilton Denver City Center
1701 California Street
Denver, CO 80202

Sponsoring Organization: American Society of
Addiction Medicine

Hosting Organization: Association of Nurses in
AIDS Care

About the Waiver Training

Waiver training is available for providers interested in seeking their waiver to prescribe buprenorphine in office-based treatment of opioid use disorders. To obtain the waiver to prescribe, physicians are required to take eight hours of training and NPs/PAs are required to take 24 hours of training. Residents may take the course and apply for their waiver when they receive their medical degree.

Following the training, providers who have successfully completed the course may apply to the Substance Abuse and Mental Health Services Administration (SAMHSA) to obtain the waiver. PCSS urges all providers who complete the course to submit a Notice of Intent Form to SAMHSA to obtain your waiver to prescribe. The waiver must be completed online and a link to the online form will be provided to participants following the training.

ACCME Accreditation Statement:

The American Society of Addiction Medicine (ASAM) is accredited by the Accreditation Council for Continuing Medical Education (ACCME) to provide continuing medical education for physicians.

AMA Credit Designation Statement:

The American Society of Addiction Medicine designates this live activity for a maximum of **8 AMA PRA Category 1 Credit(s)**[™]. Physicians should claim credit commensurate with the extent of their participation in the activity.
